VOLUME LII

Second Part

A variation from the stereotyped style of introducing vaudeville features in the olio was carried out by a setting showing a theatrical booking office. "Mrs. O'Keefe" impersonated by Mrs. Harriette Barnes was boss of this establishment and handled the office with neatness and dispatch. The part of "Maggie Hennessy" typist and chewing gum exponent was taken by Mrs. Nellie Andrews while George Young played a real office boy role under the name "Billy." Artists wishing to book their acts were given a try-out before the office force, and in this way each specialty was produced in the following program:

Song and March, "Moon and Stars".....
"Blue Jean Girl" song and dance.....
Louise Silver, Maxine Bennett, Beryl Silver, Gertrude Cushman.....
"Spirituals," a scene. Mrs. Margaret Bowker.....
Beryl Farnum, Agnes Perkins, Doris Culbert and Mabel Bowker, tambourine girl dancers.....
"Bell Song" (march and circle).....
Introducing the entire company.....
All the foregoing acts were cleverly presented and appropriately costumed. Encores were frequent and the artists cheerfully responded. Electrical effects in colored lights, arranged and worked by Albert L. Morse added greatly to several numbers. Shaw's Orchestra stationed in the wings accompanied the singers and produced sound effects as occasion required.

A little variation during the performance was the introduction of two "seers," Mrs. Albert D. Park and Mrs. Leroy Titus impersonating a committee securing talent for a church fair. So worldly were the acts witnessed they left the office thoroughly disgusted without placing their order.

Probably the big hits scored in the olio were Walton and Bowker, and Kate Hammond's blacked face act. The first named team as bride and groom passed up a screamingly funny skit which brought three recalls and handsome bouquets Tuesday evening. Mrs. Hammond as "Mammy" had not only a good voice but a pair of nimble feet. Her dancing was a typical darky hoo-down. The success of the entertainment is due in a large measure to the untiring efforts of Mrs. Harriette Barnes, Mrs. Nellie Andrews, Mrs. Virgie Wilson and other ladies on both sessions. The whole cast worked hard at rehearsals and every person connected with this part of the Community Club fair went wholeheartedly into the game to a successful finish.

SOUTH PARIS

Ladies' Two-Tone Minstrels
The Community Club Minstrels which played to crowded houses May 12 and 13 broke all records by going on for the third presentation Tuesday evening. Grange Hall was again crowded to the doors, many in the audience having attended from the beginning. Snappy music, peppery comedy and attractive stage effects were among the numerous features to make the show go across to success.

First Part
A regular circle featuring four black-faced fun makers, with Helen Barnes as interlocutor was the setting for the first part. Shaw's Jazz Orchestra stationed behind the chorus furnished just the right snap for a typical "nigger show." Black and white draperies completed the setting.

A moonlight scene, suddenly changing to a brilliantly illuminated picture of the full circle with the bony features in action, started the overture. After a snappy introduction the ends, Ruth Brown, Lena Franck, Viola Walton and Muriel Bowker took the fun, whirling into high and speed down the boulevard. Jokes with a keen local flavor were batted for home runs, and the spectators kept in an uproar. "Early to Bed and Early to Rise" put over as an end song by Ruth Brown was a scream and not far from professional acting.

The "Agony Quartet" comprising the four comedians, produced "Palestena" with super Oriental effects and weird dancing. This melange with wash boiler covers for cymbals, and accordions of various sizes, made the big first part hit. The ballads were nicely rendered by Rose Witham, who sang "If a Baby Would Never Grow Old." Beryl Silver rendered "My Mammy" and "Carry Me Back to Ole Virginia" was given effectively by the Agony Quartet, including Beryl Farnum, Agnes Perkins, Lulu Merrill and Mabel Newton Russell. All musical numbers were recalled.

The finale was a tuneful arrangement of several popular songs introducing a march by the entire company. Vegetable bouquets were passed the comedians Tuesday evening. Members of the circle:
Beryl Farnum, Eleanor Clifford, Lulu Merrill, Agnes Perkins, Louise Silver, Bernice Wilson, Maxine Bennett, Rose Witham, Nora Dunham, Doris Culbert, Edna J. Jenkins, Howard Shaw, drums, traps, Alfred Coia, tuba, saxophone, Ray Newton, flute, banjo, Ruth Winslow, piano.

Worthy Master Abbot and wife, K. Thorne Delano, Adelaide Young and Annie Berne were asked to act as reception committee.

Agricultural Department Notes

Planting seeds and raising chicks is not all the Agricultural Class at Norway High School are up to. Instructor Edward H. Brown has recruited a baseball team with Manford Palmer, Captain and Harold Nevers, Manager. Try-outs were given Friday afternoon and the line-up will be completed before next week. They expect to play the Rumford "Aggies" who are coached by their instructor, Harry Brown, who, by the way, is Edward Brown's brother. Athletics will not interfere with the school work required from each student, but is introduced for its social and healthful benefits.

Twenty-five plots measuring 10x4 ft. have been laid out in the experimental garden, or "proving ground" adjoining the high school lot. Nine varieties of peas have been planted, with two varieties of corn, many kinds of grasses and grains to follow. An accurate record will be kept during the summer. Prof. Brown expects to stock the laboratory with at least a couple of fifty different kinds of seed, at a small outlay. The same would cost considerable money if purchased from the usual sources.

Pythian Supper and Presentation

A good old fashioned baked bean supper was served before the regular meeting of Penn. Lodge, No. 18, K. of P., Thursday evening. The Com. Edward C. Thompson, Frank McAllister and Fred Faneuf, spared no pains to make it the best. The supper was served at seven o'clock sharp and every member voted it one of the best.

At eight o'clock the lodge opened after which the team conferred the rank of Knight. At the close of the work, Past Chancellor Orrington M. Cummings in a well fitted remarks presented Bro. Otto Schauer a K. of P. in behalf of Lake Temple, P. S. Bro. Schauer served the lodge as one of the finest Master of Exchequers, an office which he held until his sickness. As brother Cummings remarked, he would be holding the office today were he physically able. Bro. Schauer was a loyal worker for the order and faithful to his great trust.

On the anniversary of his birthday, Friday evening, a committee from the lodge called at his home and presented a remembrance with wishes for many more happy anniversaries.

The Old Folks' Ball under the auspices of Norway Grange in their hall Friday evening was a success. Costumes dating back fifty years and more were featured to the amusement of the younger people not accustomed to the styles of that period. Both the old and new dances were enjoyed by the large number in attendance. Will Hersey won a two-pound box of chocolates and his daughter Blanch won a pair of silk hose for the most old fashioned costume. Mrs. Herman L. Bartlett acted as judge. Anderson's Orchestra furnished music.

Mrs. George Ames has a flock of six Rhode Island Reds that are keeping up with the procession of heavy layers. During the month of April they laid 96 eggs. One biddy hatched two years ago is a wonder worker with big eggs. Recently she produced one measuring 9-4 by 6-1-2 inches, containing 20 yolks. This is a common trick as the lady bird has had the honor of depositing at least six large specimens every year since reaching the egg bearing age. Her regular run is far above the average.

Capt. Wilfred G. Conary has been officially notified that Major Francis H. Farnum, Infantry Instructor, Maine National Guard, will inspect Co. C, Wednesday evening, May 25, at 8 o'clock. Inspection will be held in the temporary quarters at the Bradbury boat house, Water street.

Fire at Kilgore House

The fire department was called, Wednesday afternoon, at 3:35, to a brick blaze on the second floor at Mason Kilgore's house on Danforth street, formerly the Coleman Lord stand. The fire was confined about the chimney in the EL in the kitchen of the tenement occupied by Mr. and Mrs. Robert Wood. Considerable water was used as the flames and made headway in the room and were breaking through the roof in several places before the alarm was sounded. Employees from the shoe factories nearby and others gathered quickly and removed considerable furniture before the fire was in action. Damage by fire is confined to the EL, but water reached about every room in the building.

Automobile Thieves Active

Maurice Prince is minus a Willard storage battery and Frank Beck has one spare tire less owing to light fingered work. Both automobiles were stored with others in Greenlaw's garage and the articles disappeared some time between Sunday night and Wednesday noon. More cars may have been molested, but nothing further has been reported missing.

The battery was disconnected hurriedly by cutting the terminal wires.

ACT QUICKLY

Do the right thing at the right time.
Act quickly in time of danger.
In time of kidney danger, Doan's Kidney Pills are most effective. Ask your neighbor.

Plenty of Norway evidence of their worth.

Albert F. Prescott, shoemaker, Crockett's Bridge, Norway, says: "My kidneys gave out and I had backache so bad it put me past going for several days. I couldn't bend over, I was so stiff and lame. I was working in the ship yards at the time and I blame so much heavy lifting for the starting of my trouble. I had to get up several times during the night to pass the kidney secretions. I felt drowsy all the time. Finally I went to Stone's Drug Store and got three boxes of Doan's Kidney Pills and began using them. This remedy reached my case at once and after using three boxes, the trouble left me entirely. I have felt fine ever since. I can't recommend a better remedy than Doan's Kidney Pills."

Prices 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Prescott had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Why Pick On Your
SHOE DEALER

It is a well known fact that tanners and most shoe manufacturers have taken enormous losses. One tanner alone lost \$6,000,000.00 last year. Shoe retailers all over the country are marking down their shoes to replacement cost. Nevertheless, the woods are full of amateur economists WHO CLAIM PRICES OF SHOES WILL SHORTLY RETURN TO PRE-WAR LEVELS, BUT WILL THEY? YES, THEY SURE WILL:—

When hard coal is back at \$9 per ton;
When railroad fares are back at 2c per mile;
When house rent is back at \$10 per month;
When gasoline is back at 10c per gallon;
When telephones are back at \$1 per month;
When a square meal is back at a quarter;
When farm labor is back at \$25 per month;
When gas is back at 90c;
When shaves are back at 10c;
When the freight from N. Y., now \$1.84, is back at 97c;
When street car fares are back at a nickel;
When money is back at 5 per cent.;
When cooks are back at \$5 per week;
When hair cuts are back at a quarter;
When movies are back at a nickel;
When a car-wash is back at a dollar;
When ice cream is back at a dime;
When a doctor's call is back at one buck;
When a newspaper is back at a penny.

For the love of Mike, why expect the manufacturer, wholesaler and retailer of shoes to go the route alone? Aren't we Americans all in on this proposition together? Haven't we got to work it out together? Well, then, haven't the manufacturers, wholesalers and retailers of shoes gone much faster and much farther than the average in reducing prices and making readjustments? WE'LL SAY THEY HAVE. We're ahead—way ahead of the procession. Now let the barbers and the movie houses, and the Standard Oil, and the soft drink parlors, and the landlords, and the hotels and restaurants, and the draymen, and the bankers cut THEIR prices and catch up with the shoe men.

The Ideal Ointment

"I had not been able to use one of my horses for several weeks, owing to a sore neck. I applied Petro-Tan to the sore and in a few days began to use her. It entirely healed the sore while she was being worked."

"I burnt my arm on the stove. The burn was big over as a teacup and very painful. I covered it with Petro-Tan and bandaged with a cloth. It removed the smart almost at once and in two days I would not have known there had been any burn except for the large scar."

Petro-Tan (pronounced Pet-ro Tan) is the ideal Household and Stable remedy for all injuries and wounds of the skin. It is especially adapted for use on cuts and burns on children. Sold by druggists. Three sizes: 25c, 50c, \$1.00.

THE TRIALS OF A HOUSEWIFE

How They Have Been Endured and How Overcome by
Lydia E. Pinkham's Vegetable Compound

Experience of a Providence Woman

Providence, R. I.—"I took Lydia E. Pinkham's Vegetable Compound for a female trouble and backache. It began just after my baby was born, and I did the best I could about getting my work done, but I had awful bearing-down pains so I could not stand on my feet. I read in the papers about Lydia E. Pinkham's Vegetable Compound and the good it was doing other women, and I have got dandy results from it and will always recommend it. You can use these facts as a testimonial if you wish."—Mrs. HENRIETTA L. CASSEN, 18 Meni Court, Providence, R. I.

Ohio woman for three years could hardly keep about and do her housework she was so ill. Made well by Lydia E. Pinkham's Vegetable Compound:
Fayette, O.—"For about three years I was very nervous and had backache, sideache, dragging-down pains, could not sleep at night, and had no appetite. At times I could hardly do my housework. I got medicine from the doctor but it did not help me. I saw Lydia E. Pinkham's Vegetable Compound advertised in a newspaper and took it with good results, and am now able to do my housework. I recommend your medicine to my friends and you may publish my testimonial."—Mrs. CHESTER A. BALL, R. 15, Fayette, Ohio.

An Illinois woman relates her experience:

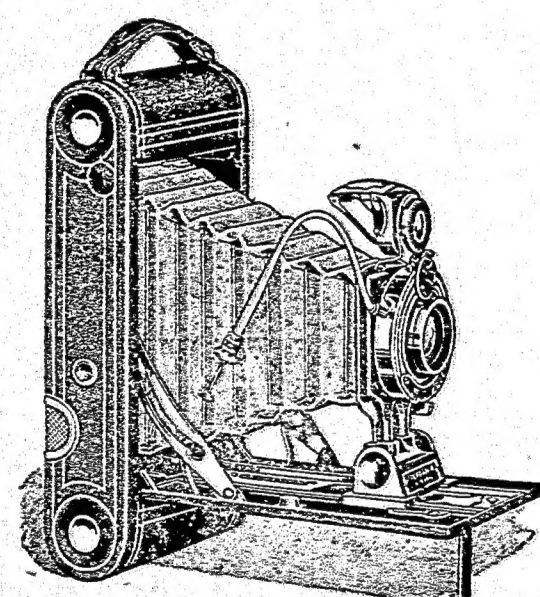

Bloomington, Ill.—"I was never very strong and female trouble kept me so weak I had no interest in my housework. I had such a backache I could not cook a meal or sweep a room without raging with pain. Rubbing my back with alcohol sometimes eased the pain for a few hours, but did not stop it. I heard of Lydia E. Pinkham's Vegetable Compound, and six bottles of it have made me as strong and healthy as any woman; and I give my thanks to it for my health."—Mrs. J. A. McQUITTY, 610 W. Walnut St., Bloomington, Ill.

The conditions described by Mrs. Cassen, Mrs. Ball, and Mrs. McQuitty will appeal to many women who struggle on with their daily tasks in just such conditions—in fact, it is said that the tragedy in the lives of some women is almost beyond belief. Day in and day out they slave in their homes for their families—beside the daily routine of housework, often make clothes for themselves and for their children, or work in their gardens, all the while suffering from those awful bearing-down pains, backache, headaches, nervousness, the blues, and troubles which sap the very foundation of life until there comes a time when nature gives out and an operation seems inevitable. If such women would only profit by the experience of these three women, and remember that Lydia E. Pinkham's Vegetable Compound is the natural restorative for such conditions it may save them years of suffering and unhappiness.

There is hardly a neighborhood in any town or hamlet in the United States wherein some woman does not reside who has been restored to health by this famous medicine. Therefore ask your neighbor, and you will find in a great many cases that at some time or other she, too, has been benefited by taking it, and will recommend it to you. For more than forty years this old-fashioned root and herb medicine has been restoring suffering women to health and strength.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

A KODAK YOU'VE READ ABOUT

The No. 2c Autographic

KODAK Junior

equipped with
Kodak Anastigmat
f.7.7 Lens
and
Kodak Ball Bearing Shutter
\$25.00

This Camera fits into a niche, all its own. The picture it makes, 2 7/8 x 7 8 inches, is almost up to the full post card size—and yet the camera is small, light, convenient.

The Kodak Anastigmat Lenses are made to exactly fit Kodak requirements. They are, in each case, designed with particular reference to the size and type of Kodak and shutter that they are to be used with. The f.7.7. on the 2c Kodak has more speed than the best rectilinear lenses and at least equals the best anastigmats in depth and sharpness.

The Kodak Ball Bearing shutter has speeds of 1-25, 1-50 and 1-100 of a second for "snap-shots," has the usual time and "bulb" actions for prolonged exposures.

The No. 2C Junior is covered with grain leather, is finely finished, is simple in operation and, with the Kodak Anastigmat lens, produces negatives having that crispness and sharpness that are characteristic of the true anastigmat.

Let us show you the big value this Kodak offers.

LOOKED LIKE HE'D HAVE TO GIVE UP

Maine Man Was on Verge of Break-down But Tanlac Restores Him to Health

"I have told a number of my friends personally of the good Tanlac has done my wife and myself, and now I want to make this public statement for what it may be worth to others," said Elvin Brackett of 29 Knight St., Auburn, Me.

"I was always as tough as a knot up to last spring, when, after a hard winter in the woods, my health went all to pieces. My appetite was so poor and my digestion so bad I could hardly eat anything and what I ate did me very little good. I had frequent spells of dizziness, with blinding headaches, and was so nervous I could never get any sound sleep. I just felt weak and bad all over and it looked like I would have to quit work."

"Well, my wife had become almost a wreck from nervousness and indigestion. Tanlac built her up until she was just like a different woman, and when I saw what it had done for her, I started on it myself."

Well, sir, the very first bottle helped me, and now every one of my troubles are gone. I eat like a wolf, digest everything perfectly and have gained several pounds in weight. I am free from dizziness, headaches and nervousness and sleep like a log. I did more hard work last summer than ever before in my life and felt better. After what Tanlac has done for me I can't help praising it."

Tanlac is sold by A. L. Clark Drug Co., Norway; Stowell Bros., Locke's Mills; R. E. Pinkham, East Waterford; W. H. Brown, East Stoneham; Heald, Stearns & Kimball, Lovell; H. L. Hutchins Co., North Fryeburg; L. E. Rounds & Co., Waterford, and P. G. Barrett, Welchville, Me.

SAVINGS IN POSTAL BANKS DECREASE

Withdrawals from the postal savings bank throughout the country during the month of March were \$2,200,000 in excess of new deposits, leaving the grand total of postal deposits on April 1 at \$161,150,000 as compared with \$163,350,000 March 1. Deposits in the system are now being received at the rate of approximately \$10,000,000 a month, according to an official bulletin. The increase in the withdrawals is undoubtedly due largely to the fact that many of the laboring people, who patronize the postal banks are out of employment and are utilizing their savings to pay living expenses.

SOUTH WATERFORD

Helen Jane Haynes

In the death of little Helen Jane Haynes, daughter of Mr. and Mrs. Harry N. Haynes of South Waterford, on Wednesday, May 11, a large circle of relatives and friends lost one of the dearest, most winsome babies that ever came to gladden loving hearts. Her sunny disposition, affectionate nature, and keen interest in all about her quickly won the love of all who came in contact with her. Though only three years and nine months of age, she was a remarkably plain and helpfulness which started early in November with a severe attack of typhoid fever and developed later into a disease of the hip which necessitated three serious operations, the last being performed at the Central Maine General Hospital in Lewiston, where she died before regaining consciousness.

Funeral services were held at the home of her grandparents, Mr. and Mrs. W. K. Hamlin of South Waterford, where she has been during a large part of her long illness. Amid quantities of beautiful flowers, the moving tribute of the many friends who loved her dearly—flowers which she herself cared so much for here—she lay like a sweet rosebud plucked before its bloom. She has left some very heavy hearts behind her, but we know that in the great Beyond her sweet little spirit has found a ready welcome and we cannot ask that she be spared to suffer here.

RIDICULE

Aversion to ridicule has a strong influence on all of us and effects our daily life to a greater extent than we realize. The young and he old in both the highest and lowest walks of life, shun ridicule. Few girls, for example, like to be called "tomboys," and the boy who appears on the street wearing some part of his sister's apparel, or who by his conduct comes to be called a "sissy," either resents the appellation strongly, or else richly deserves it. The man unaccustomed to evening dress is conscious of that fact, and when he wears it he is usually sensitive to the quips of his friends; yet if he knows that evening dress is called for he will wear it, even though he would much prefer his ordinary attire, because he fears to excite comment by appearing without it. A person who is unfortunate enough to fall down in a public place is as much concerned about the spectacle he makes as he is about the likelihood of injury.

The fear or dislike of ridicule often prompts a man to act against his better judgment, or to maintain a passive attitude, in serious and important matters where sensible action is called for. The growth of any great movements for social betterment has been retarded by the lack of courage to face ridicule or adverse criticism, from persons who were convinced of the merits of these movements, but were unwilling to espouse them until they had received a measure of popular approval.

For example, after several years of activity on a nation-wide scope, we still find large numbers of workmen who have nothing but ridicule for the safety movement, or at all events treat it lightly. To these men unwillingness to "take a chance" does not appear in its true light, as a solid piece of wisdom, but rather indicates lack of courage and "nerve." Nor are they backward in expressing their opinions, and we fear that in some cases their fellow workers are influenced to assume needless hazards against their better judgment, rather than face adverse (though perhaps unjustified) criticism from their companions.

"Sticks and stones may break my bones," says the old saw, "but words can never hurt me." Names may hurt, however, because if the fear of being called names—"ridiculed," in other words—"causes" a person to refuse to adopt a careful and safe procedure or practice, and to prefer one involving a serious element of chance, then the final result of this name-calling may be exceedingly harmful. Nicknames and ridicule will have no weight with the man or woman who has true courage, however, because if he is a coward is the person who knows what is safe and what is unsafe, and who fails to stand by his convictions; and the moral fibre of the man may be gaged by his ability to live up to the standards he has set for himself, in the face of whatsoever may come.

DO YOU WANT TO SELL YOUR FARM OR HAVE YOU A CAMP SITE FOR SALE?

The Industrial Department of the Maine Central Railroad is receiving at this season inquiries every day from all states East of the Mississippi from those who are seeking to buy farms in Maine. They are interested of course to see some Maine farm sold to every inquirer. They would be glad to receive a description of any farm which any of our readers may care to offer for sale, and a customer for it and all this entirely without expense either to the buyer or seller. If you have a farm for sale, notify W. G. Hunton, Industrial Agent, Maine Central Railroad, Portland, Maine. This is just what it pretends to be; an opportunity to get some splendid service free of cost.

Many understand that Maine farms are in good demand, but very few do know that Maine camp and cottage sites are equally sought after. If you have a location near a lake, pond, or stream, large enough for one or more summer cottages, or if you have a similar location large enough for a boys' or girls' summer school or camp, you should notify the Maine Central department above mentioned. They will find a customer for you if possible and the service offered free as in the case of the farms. In listing farms and camp sites say that you saw this notice in the Norway Advertiser, and it will insure prompt and careful attention, if not let this office know about it.

"Johnny," said the country school teacher to one of her pupils, "Give me the answer to this little problem. There were twelve sheep in a pasture. Six of them jumped over the fence. How many were left?" "None," replied Johnny. "Johnny, I am surprised at you," said the teacher rather severely. "Well, you may know arithmetic, but you don't know nuthin' about sheep," said Johnny.

F. H. Morse & Son of Waterford called and said, "Take out our ad for the sale of pigs; it was to run two weeks but there is no need of it; it has sold them all." If you have anything to sell or want to buy, put an ad in the Intelligence Column the same as Mr. Morse did.

Spring Medicine

Now Needed by Nearly Every One to Purify the Blood and Build Up Strength.

Few come to these trying spring days without weariness, debility, that "tired feeling," caused in large part by impure, de-vitalized blood. Change of season often "takes all the strength out of me," as many people say.

The tonic and blood purifier needed is Hood's Sarsaparilla. It quickly dispels that exhausted feeling, enriches the blood and builds up the mental, muscular and nervous systems. In a word, says a druggist, "Hood's Sarsaparilla is our most dependable restorative."

Only the best tonic and purifying ingredients used—roots, herbs, barks and berries, such as physicians often prescribe. A record of 46 years successful use. It will do you good. Try it this spring.

A mild laxative, Hood's Pills.

SOUTH PARIS

E. A. Morris Chosen on Team
A very signal honor has come to South Paris in having E. A. Morris chosen as one of the debating team to meet Oxford University, England, in debate on June 16th. Mr. Morris is pastor of the Congregational church, coming out over the week-end until he graduates from Bates in June, when he will take up his permanent residence in South Paris.

This is the first time in history that an international debate of this kind has ever been attempted, and as citizens of Maine we take just pride that this remarkable honor and compliment that Oxford has paid us should come to Bates and to the state of Maine, and more particularly that it should come to one of our own citizens.

We feel sure that Mr. Morris will give a good account of himself, and bring honor and glory to his Alma Mater, to the State and to South Paris. He is a public speaker and debater of proven ability, as is demonstrated by the fact that he has won the oratorical contests at Bates for two successive years, was elected class orator, and was a member of the debating team which defeated Harvard University, last January. As a preacher he has been eminently successful and his pulpit utterances in South Paris have been a source of great help and inspiration to all who have heard of him.

Bates College is now trying to raise the necessary funds to send the team of three men over. It is estimated that the cost of the trip will be about \$1,500.00, all of which will have to be raised by friends of the college, as the college is not in a position to take this amount out of her own funds. As Mr. Morris is a member of this community, it would be a fine thing if the citizens of South Paris would back him up, and help the college by defraying part of his expenses over.

Archie H. Curtis Seriously Injured
Archie H. Curtis of this town is in the Augusta General Hospital with serious injuries received on Thursday, May 12, at his portable saw mill in the town of Liberty. The cause of the accident is not known here, but in some way he was caught and pinned by a carrier or saw carriage, and crushed in the abdominal region. It is reported the surgeons stated the victim had sustained three separate injuries any one of which would have killed a weak man. Mr. Curtis is a man of strong constitution and physique, and it is believed he has more than an even chance to recover.

P. H. S. 12; Leavitt Institute 7

A lively game was pulled off at the High school grounds, May 11, before an enthusiastic crowd. Timely hitting and loose fielding by the visitors enabled the Paris team to pull out a victory over the strong Leavitt Institute outfit.

Paris opened with a rush, and on three hits nicely bunched tucked away four runs in the initial inning. Another brace of hits in clusters during the fifth added another crop of four runs. Leavitt secured only eight scattered hits during the game and only in their fourth fourth session did they appear within the danger zone. Score:

MY DAYS AND NIGHTS IN THE HOSPITAL

No. 8

I was in the hospital during the shortest days of the year. About the 5th of December the sun in the afternoon set for some eight or ten days at the same time while it continued to rise a minute later every day. It then set about a minute later each day. On "General Jackson's Day"—the anniversary of the battle of New Orleans, Jan. 8th, the sun began to rise a minute earlier than the day before and the days may be said to have begun to lengthen at both ends. I watched this phenomena with great interest from my cot.

There was a chimney on one of the buildings within my vision almost directly where the sun came up. Every day I noticed that the sun rose a little farther north from where it had the preceding morning. In a few days its rising had passed beyond the chimney. Other objects enabled me to note the sun's coming north day by day, and I got the best idea I had ever had of the sun's changes and the lengthening days. I shall never forget the sun's place of rising as seen the day I came home.

Often to take my mind from my situation before going to sleep at night I would silently repeat lines of some favorite poem, while I took slow and deep breaths. This rarely failed to quiet my nerves sufficiently to permit my falling asleep. How many times I have thus repeated those beautiful lines from Gray:

"The curfew tolls the knell of parting day,
The lowing herd winds slowly o'er the lea;
The plowman homeward plods his weary way,
And leaves the world to darkness and to me.
So fades the glimmering landscape on the sight,
And all the air a solemn stillness holds;
Save where the beetle wheels his droning flight,
And drowsy tinklings lull the distant folds;
And from Tennyson:

"And the stately ships go on,
To their haven under the hill;
But oh, for the touch of a vanished hand,
And the sound of a voice that is still,
Break, break, break!
At the foot of thy crags, O sea;
But the tender grace of a day that is dead,
Will never come back to me."

Miss Thurston was one of the most efficient and capable nurses in the hospital. She had the care of me for eight weeks taking three hours off every afternoon. There were times when probably she thought I was notional and fussy, and perhaps I was, a sick person away from home alone might be pardoned for sometimes being so. She took good care of me and could do anything required after the operation was performed. She saw to it that I was well fed and had my share of the delicacies. I do not know to this day what her given name is. I asked her a few days before my discharge, and she said it was "Jerusha." I knew she meant this for a joke. When I signed her receipt the day I left I noticed that it was "M. Thurston."

One afternoon when my nurse had her hours off, I was attended by one who had specialized for my trouble. She was away when I was operated upon or I might have had her for my permanent nurse. She gave me her name, but it has slipped out of my memory. Miss Palmer was one of the nurses in my ward whose given name I didn't learn. If I was told at the first it went from me and afterwards she wouldn't tell. She was a large lady with piercing black eyes. She thoroughly understood her business and could easily move me about on my cot in my most helpless days. Miss Palmer and Miss Thurston worked well together. Each called upon the other when assistance was wanted. They were a pretty good team.

MANY CORN PACKING FACTORIES WILL OPEN

One of the most reassuring announcements relative to the packing industry in Maine this season is that issued from the office of the Portland Packing Co., that many of the large factories of that organization will be opened this fall. There has been much speculation among the packers as to whether it was advisable to operate this season because of the many unusual conditions presented, but as sufficient acreage which was late in being signed up, has been secured, the company will continue its annual operations. The factories to be opened during the coming season are in various sections of the State: Winthrop, Fairfield, Skowhegan, Unity, Albion, Newport, Dexter, Buckfield, Canton, Rumford and Cummings.

The corn industry in Maine is a very important one and the decision of the company will mean much to the localities where the factories are located, giving opportunity to many farmers to dispose of their product and opportunity for labor to many hundred hands in the aggregate.

A Hudson Advantage That is Distinctive

Its Smoothness and Ease of Operation

Hudson owners tell us they most appreciate the utter forgetfulness of mechanism they are permitted in their cars.

Neither sound, nor the lapse of any function calls it to attention. Even minor adjustments, which are annoying, though not costly, are almost never necessary. And command of the controls seems intuitive—hardly needing conscious direction.

F. B. FOGG, Dealer
SOUTH PARIS, ME.

Men say the Hudson Super-Six repays a minimum of care with years of smooth, dependable, punctual conveyance, without default or absence from service.

And we have a gratifying pride in knowing that more than 100,000 owners drive Hudsons, without envy, we believe, of any other car, no matter what its price.

The Lure of BIRTH STONES

MAY
The special and traditional virtue of the emerald, the natal stone of May, is to reveal the truth or falsity of lover's oaths, making only happy marriages possible. Furthermore emeralds sharpen the wits, confer riches and the power to foresee future events. Caesar carried one when he went to the Circus for it mirrored perfectly that which passed afar off. Cleopatra was presented with an emerald bearing an engraved cameo of herself by which it is fabled she could read and control the thoughts of those who visited her court.

The comparative price lists given below are not special sale prices, but the regular prices of today and the prices of the same quality one year ago.

This advertisement is partially in answer to many so called news items in the daily papers to the effect that Retailers have been very stubborn in reducing their prices.

These are not reductions of the last few days, for we have followed the market down ever since prices began to break, last Fall

There is quite a variation in percentage of reductions among different departments, due to various causes.

All materials have not been reduced in the same proportion. Some mill operatives have accepted reduction in wages, while workers in garment trades are still receiving the high war wages, and the price of any merchandise depends very much on the amount of labor it takes to produce the finished article.

In nearly every manufacturing plant producing goods for Dry Goods Stores; every wage advance meant, during war times, less production per person.

A careful survey of the following prices will assure you of our cooperation in reducing the retail cost of Dry Goods and apparel.

A social and games followed the lunch with the Moose participating.

Officials of the Central Maine Power Co. looked over their property here Monday afternoon. Some changes about the power house are contemplated as the long distance transmission will handle most of the load in this vicinity.

The humorous comedy drama "Uncle Josh Simples" will be seen at Norway Opera House Wednesday, June 1, 1921. It is a rural play in four acts, bound together by an interesting plot and produced with special scenery carried by the company. In the third act a realistic saw-saw is seen cutting through a real log at terrific speed upon which a human being has been helplessly bound by his enemies and left to an evident death. There is an abundance of comedy in the play, while there are many fine singing and dancing specialties incidentally introduced. The band carried by the company will appear in Rube town make-ups.
